Sub: Contingent allowance of Rs 3/pm to the vaccinator of chickmagalur MLS

Sir,

With reference to the correspondence ending with your letter No A3 3870/47-48 Dt 4-12-48, on the above subject I am directed to state that it is seen from the correspondence that the unauthorised procedure of paying these charges has been adopted without obtaining the previous sanction of Govt and even without a previous resolution of the M C. This is not the practice in vogue in other Municipalities also. Such arrangements will undoubtedly create an investment the precedent the exact difficulty in supplying the required articles direct to the vaccinator from the office as was being done previously. may kindly be

explained further, he should be treated as part and parcel of the M.S. office and can not be considered as having a separate 'office' of his own. The supply of articles should also be consistant with the no. of cases handled by the Vaccinator every month based on the average for the past twelve months. The new procedure should not have also been resorted to without ascertaining the views of the Director of Public Health. This may be done.

A very early report on the above points may be sent.
